Dear President Putin,

10 In the name of the Immaculate Virgin Mary, Mother of God, greeting!

Purpose of this letter

With this letter we break the Bread of Life with Your Excellency and exchange the Salt of the Earth, the symbolic gesture that God's substance is there to feed His people.

15 By the grace of the LORD our Father, the blessed *One* who has mercy with His world, those who blackmail mankind with war shall be vanquished – not by weapons but by righteousness that flows from a *Soliton of Love*.

History, industrialisation, trade and faith

20 Russia's close links with England and the English speaking people can be traced to the discovery of the Northern sea route in the 1500s by the English explorer Sir Hugh Willoughby during the reign of Ivan IV in Russia and Queen Elizabeth I in England.

In Russia, the preference of Caesar over Christ is clearly marked by the reform of the Orthodox Church by Peter I (1682–1725). In England, this was initiated by the *Act of Supremacy* of King Henry VIII (1532). On paper statutes of the *formal* Caesar, the 'United Kingdom', this is still the case today.

25 The industrialisation of Russia sparked by the flourishing Northern sea route in the 17th century also resulted in the investment of Russian gold by the Tsars into what became 'Great Britain'. We, in this Court of Record, do not forget this obscure fact.

30 The rapid development of industry and its use by 'Caesar', wherever incarnate, either as a King or State, to the madness of Mutually Assured Destruction (MAD) is well known to Your Excellency. A 'mind-map' about the USA on this subject is at the end of the *Letter Rogatory*.

That there *are* people in England who observe the *Rule of Law* rooted in the King James Bible over the course of the centuries is less well known. The teachable in England were taught by the 'American Revolution' that the King exists for the good of the men and women of the land – *all* the men, women and children on Earth.

35 In English Common Law it is seen that, for example, the 'United States' is just a name in business as is 'Great Britain' or the 'United Kingdom PLC'. It is also seen that these bankrupt 'corporations' are conducting business in a circular unit of account, with what can be modelled as a whirling pyramid of contracts.

40 It is in this context of history that Your Excellency receives this letter to return the men and women of *all* the nations of the 'United Nations' to righteousness and Earth to Peace.

Economics and the ‘Decline and Fall of the Roman Empire’

Public discussion of economics today rarely gets beyond ‘village barter’ and it is fashionable for the lately educated to discuss ‘hunter gatherers’ and forget that ‘civilization’ or the rule by a City-State has been with us for millenia — it is, after all, the Jewish year 5774.

45 Those who debate ‘Keynes vs Hayek’ in a utopia void of the *Rule of Law* predict a stratospheric ‘gold price’ and imagine that the history of the last century alone or the immediate few centuries before, is a guide to what is to come. Little do they contemplate the definition¹ of today’s most widely circulated legal tender, the US dollar.

50 Saint Peter went to the City-State of Rome, a city that we hear had a million people two millenia ago. It was a civilisation built on the mastery of Force in human affairs, a civilization whose engineering prowess is visible from satellites to this day. Aqueducts had automated the delivery of water and ships brought in the harvest of wheat and other products from around the Mediterranean. ‘Senators’ who controlled the infrastructure had a ready source of ‘God’s substance’ to maintain an oligopoly on power.

55 The temples which in more ancient times were a means to share the bounty of God with His people had become ‘commercial’. The ‘mark of the beast’ or Caesar’s mark was imprinted on coins as ‘senators’ inflicted ‘legal tender’, that is to say, debased coinage on the people. The temple priests of Jerusalem were collecting what in today’s language could be called the ‘**temple forex spread**’.

60 Extreme cruelty, the ever present threat to be sent to the ‘Circus Maximus’, and the threat of war kept the produce *and water* flowing. Rome, after all, had an abundant supply of ruthless teenage men to crush any ‘libertarian’ or ‘independent’ village. In the symbolic language of God, the peaceful temple well water had been replaced with the gushing **Aqueduct of Force**.

65 The further consequence of the automation of ‘bread and water’ is that the Roman Senators are what we would call today, ‘trigger happy’ and that engineering skills could be lost by a single disastrous disruption of technology that took years to build. Today, this danger is real.

It is to this City-State that Saint Peter brought righteousness, living by the commandment ‘thou shalt not kill’ even to his death on the cross — it is striking fact that in this traumatic century past, the Catholic Church has discovered what might be the grave of Saint Peter².

70 The how-to of righteousness was carried by the Apostles in all directions, which resulted in ‘liberty’ and ‘property rights’ for the common man. As a result of the Gospel, people did not place their gold into the hands of tyrants and only accepted value for their labour. The frontier into the wilderness provided the arbitrage needed to bleed the Roman Empire. The City-State of Rome fell to ruin and the ineffective head priest of the old Roman religion was
75 replaced by the Bishop of Rome.

In today’s language, former vassals of the Emperor became fiduciary trustees — a process that took time. In the case of England, it was the acceptance of the law (bible) of the Bishop of Rome by King Alfred the Great, who was King of Wessex from 871 to 899 through the work of Saint Bede (672/673 – 26 May 735). In Russia, this is mirrored by Saints Cyril and Methodius.
80 However, the tendencies of men to worship the false idol of manifest force continued from then to this day.

This is reflected on the history of the past five centuries. From King Henry VIII to today we can see the identification of the legal concept ‘Caesar’ modelled as the ‘Nation-State’, the Emperor that kept the warring nations together as the UN/US/EU. Like in Roman times, these

1 US Gold Reserve Act 1934, the import of which today is that Federal Reserve Notes (USD cash) is legal tender. See www.federalreserve.gov/releases/h41/Current/ table 10, Federal Reserve Notes to be collateralized, which total only approximately 1.16 trillion dollars.

85 mini-Caesars could be played one against the other and their treasury drained. We can see the worship of the Pharaoh as the banking system.

The frontiers of the Roman Empire are seen today as ‘offshore’. The power of the Pharaoh over his slaves is embodied as ‘passports’ and the ‘whips’ that keep political parties voting in a block in Parliament. The rest of it logically follows, the national-security state, Circus
90 Maximus in Guantanamo Bay, informers and spies and the horrible fate of ‘defectors’ and ‘whistleblowers’.

The questions which needed to be answered are: Is there the goodwill of Christ at the core of this system so that it can be orderly dismantled by the *Rule of Law*? Is there a time limit to this madness?

95 Pope Benedict XVI let the world know, by preaching “*Render unto Caesar what belongs to Caesar and to God what belongs to God*”³ and His Holiness’ subsequent resignation that there **is Christ at the core of this system**. One can surmise that His Holiness refused to extend the century long grant of Charter to the Federal Reserve and resigned to prevent a transition by assassination or a Great Depression style of social collapse, favoured amongst the ruthless who
100 wish to play Caesar. This was graphically signalled by the Baltic Dry Index (BDI), an index that measures the cost of bulk dry shipping. The BDI once again hit an all time low at the time of His Holiness’ resignation in February 2013, just as it had in 2008 at the collapse of Lehman Brothers.

The tyranny of the warring kings of Europe, aided by treasonous bankers of the day who
105 imprisoned the Apostle of Saint Peter in his castle in 1870, the historical king of kings in Europe, is at an end. We must choose the path of righteousness that leads to an abundance of Life and Peace.

Financial crisis and bank collapse

The open letters of this Court of Record regarding the Cyprus debacle are enclosed. There
110 will not be a banking collapse in the west as there has already been a profound loss of meaning. **Purported taxes on imaginary value in offshore jurisdictions are not collectable** — the farce on the world stage of G20 and G8 meetings notwithstanding.

Legal infants, most ‘rich’ people, are oblivious to the fact that a **bank current account balance is a liability** and not an asset. This is Uniform Commercial Code (UCC) ‘*mirror reflection*’, covered in our *Letter Rogatory to Parliament*. Kindly take cognizance that the analysis
115 in the *Letter Rogatory to Parliament* regarding the working capital of resource industries such as British Petroleum is equally applicable to Russia.

Anger, greed, lust, fear and false idols

There are many who are angry that their false idol, the ‘republic’, is not working. There are
120 many within the system whose greed and lust have lost touch with reality. There are those who cannot define a ‘legal tender’ dollar and thus make ridiculous claims (Leo Wanta and the ‘Reagan-Mitterand’ protocol as an example). There are so many people who do not understand the meaning of *finality of settlement*, yet want to rush off and create an alternate payment system for themselves — for example, the BRICS. There is much fear and loathing. All these
125 symptoms are *within* the men and women who manifest these by their worship of false idols rather than the blissful, pure, formless consciousness of our LORD.

To further assist Your Excellency in this regard, we have enclosed our recent *Letter to the Chief Rabbi of the United Hebrew Congregations of the Commonwealth* which is written with a background in the Torah, in which is declared the *Soliton of Love*.

130 **Love as servant leadership**

The key to unlock the mystery of Christ and His work is what can be summed up as 'mentalism' or knowing how knowing knows. It is with this knowing that one can love the people whose leader Your Excellency is by God's grace. The natural affection that is seen to be manifest towards Your Excellency can then be returned, also by God's grace. It is only a strong leader that can lead with love, weak ones use fear and loathing.

135 A strong leader excels in *servicing* the people *with* love. This concept was left to us by our Lord, Jesus Christ Himself. It is this concept of *servant leadership*⁴ that gives us the phrase, 'civil servant'.

140 *Mark 10:42 But Jesus called them to him, and saith unto them, Ye know that they which are accounted to rule over the Gentiles exercise lordship over them; and their great ones exercise authority upon them.*

10:43 But so shall it not be among you: but whosoever will be great among you, shall be your minister: 10:44 And whosoever of you will be the chiefest, shall be servant of all.

145 *10:45 For even the Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many.*

When a warrior discovers love, his generosity exceeds that of lesser men. When a warrior becomes the servant of a higher ideal, the world is transformed.

150 ***The highest type of ruler is one of whose existence the people are barely aware. Next comes one whom they love and praise. Next comes one whom they fear. Next comes one whom they despise and defy. When you are lacking in faith, Others will be unfaithful to you. The Sage is self-effacing and scanty of words. When his task is accomplished and things have been completed, All the people say, 'We ourselves have achieved it!'***

Tao Te Ching, attributed to Lao Tsu

Atheists

155 The most intellectual amongst the agnostics and atheists, Professor Richard Dawkins, an evolutionary biologist, has created for us the language and the rigorous analysis needed. It can be shown that 'Kings, Nation States and bankers' are playing repeated games of *prisoner's dilemma*. He has shown that 'always-defect' is not the best strategy and that *Good Guys Finish First*. Our *Letter to Professor Dawkins* is enclosed which has further discussion and analysis.

160 It is time to set the world back to righteousness. The scientific investigations of atheists is in agreement. Let those of us who are strong by God's grace and providence, act with goodwill. This means, to cooperate and not 'defect', secure in one's strength ... 'through God's grace and providence', the resources of nature and civil power that time and circumstance have provided to Your Excellency.

165 **Russia's problems**

Professor Rybakov speaking in Moscow⁵:

Professor Rybakov, believes that in the past Russia, which had a lot of things in common with India, has lost its traditional values:

170 "Disrespect is one of the toughest issues that Russians have to fight today," he says. "All kinds of disrespect. Disrespect towards people, towards history, towards law, and, finally, towards ourselves."

Among the big problems of contemporary Russia, Rybakov singles out a lack of education, and, what he considers even worse, poor education; when a person has heard a little on every subject but doesn't

175 have profound knowledge on anything. This idea is intertwined with what Alexander Pushkin said in his famous work Evgeny Onegin about Russia's high society in the 19th century: "We all meandered through our schooling haphazard; so, to God be thanks, it's easy, without too much fooling, to pass for cultured in our ranks."

We do not forget illustrious Russians, for example, Leo Tolstoy and Madame Blavatsky.

Goodwill to the Men, Women and Children of Syria

180 Let us then invite the men, women and children of Syria to Russia — without passports or other formality, the ratchet in the world slaughterhouse. Let us give them physical currency containing gold, based on the Global Standard⁶, enough for them to re-create a life where they choose to go, where they will spread sound money and be welcomed by the locals — who themselves are entrapped with passports and circular money.

185 There is no need to stop with Syria, welcome the people of Europe, America and the world — after all the future development of the mind of Man will be amongst the living men, women and children of the land. The 'brain drain' that occurred in Russia during the past century shall therefore be reversed. It also means that Russians will be welcome across the world for trade and resource development.

Lessons for Caesar in America and the Middle East

190 God's space-time is there for His children to live! God's substance is there to feed His people! Let no Prince or Nation State ever transgress these liberties given by God Himself.

195 *Matthew 23:16 Woe unto you, ye blind guides, which say, Whosoever shall swear by the temple, it is nothing; but **whosoever shall swear by the gold of the temple, he is a debtor!** 23:17 **Ye fools and blind: for whether is greater, the gold, or the temple that sanctifieth the gold?** 23:18 And, Whosoever shall swear by the altar, it is nothing; but whosoever sweareth by the gift that is upon it, he is guilty.*

May information be public

200 During 'Operation Desert Storm' a Russian website that is to be commended, iraqwar.ru, published near real time intercepts of all communication. In today's propaganda war being run by those who think they are Caesar, it makes sense to publish such information regarding the unfolding situation in the Middle East, seismographic data on the underground war and financial information that is available to Russia. The more information there is, the less likely there will be a false flag attack.

205 This shall also put those playing Caesar in their place — by God's providence that is Your Excellency's already, let the world know in real time what such people are up to. Those *corporate* Caesars who live by wielding the sword of information shall die by the sword of information.

210 Let us also, with God's graciousness, allow Mr. Snowden into Russia and give him comfort. The Holy Spirit lives in Mr. Snowden and smites his conscience which propels his actions. We pray to Our Lord Jesus Christ, that there may be more such men!

A righteous 'Global Settlement'

An army of geeks flog 'high-speed' trading of today's *temple forex spread*. Even tankers of oil are not valued for God's substance they carry but 'traders' believe that they make many times

6 www.global-settlement.org/structure#std

the purported value of the oil and squirrel it away in ‘offshore accounts’.

215 Those who have come to anticipate a ‘Global Settlement’ have been accumulating warehouses full of ‘legal tender’ - or in fear that the last days are upon us, gold and treasure. It has come into their hands by the use of UCC bank account money. These caches of ‘money’ are just the proceeds of the crime of UCC fraudulent conversion.

220 The financial **war** where drugs are used to mop up legal tender from the common man and forex and bank-trade games to mop up bank account deposits and entrap the ‘super rich’ are well documented.

Bank account deposits are created by putting ‘credit applications’ on deposit. The legal impact is that the sum held on account at a bank or warehouses full of treasure is the extent of the liability of the corporate account holder to the people — of all nations.

225 God’s substance: oil, metal, food is what the people consume. A large ‘country’ like Russia is a ‘Mother’ to the people of Europe. By the grace of God, be thou as generous and indulgent as Mother Mary to Her children.

A redenomination of contracts in deliverable substance

230 Today’s financial markets have lost meaning. Let those who are ready to shout ‘communism’ take cognisance of the meaning of the words on these letters of this Court of Record. They stand naked, without their liberties in the Passport controlled Slaughterhouse. Their fate could be exchanged with those of the people of Syria.

235 A righteous Global Settlement then becomes not the parcelling out of gold to the robber barons and privateers, but an invitation to **Lords of Righteousness** to step forward, give up violence by the sword or by the pen, *give meaning to contracts* and replace the defunct ‘system of banking’.

A righteous Global Settlement must go further. It must incorporate righteous mechanisms to pay dividends which are the harvest of God’s bounty to the men and women of the land.

The original righteousness mechanism — a temple — Peter’s Pence

240 Peter’s Pence has been the mechanism for the faithful to send ‘money’ to the Catholic Church. In ancient times this would be temple offerings. Like all ‘bank’ based mechanisms, it too has lost meaning and become the *Aqueduct of Force* that smells of the *Sewer of Fraudulent Conversion*.

245 The ‘Vatican Bank’ known as the *Institute of Religious Works* has suffered a similar fate. JP Morgan Chase Bank even had the temerity to close down⁷ its correspondent account.

We must therefore install a new source of peaceful water for God’s universal temple, the Catholic Church. This Act of Worship is pleasing to God for with this comes the mechanism for peaceful exchange of the abundance of Life.

250 This puts resources in the hands of *Pontifex Maximus*⁸, so that His Holiness the Bishop of Rome may build bridges of understanding, trade and goodwill between nations and peoples so that they exchange with each other the Bread of Life and the Salt of the Earth.

We pray to the LORD our Father, the blessed *One* who has mercy with His world that he may send down the Holy River of Peace to irrigate our parched hearts.

255 Russia can further demonstrate to the people of the world the way of righteousness. Those that have accounts at the Vatican Bank shall then place their conscience before God and act accordingly.

An invitation to join the Global Settlement Foundation

260 Through Your Excellency we invite Russia and all the good hearted families there to the *Global Settlement Foundation*. The *Global Settlement Foundation* was set up to create a sustainable marketplace for multiple issuers of contracts for deliverable substance.

GSF System is not a monopoly — unlike the Federal Reserve. We invite Your Excellency to bring to GSF System those families and producers who wish to issue contracts for delivery of goods or simply to participate in righteousness.

Coordinating the dismantling of Caesar

265 A holy pilgrimage begins with the first step, the dismantling of the ‘corporate’, death-worshipping world of ‘banking’ begins with the first righteous offering.

The transition must be contemplated by those whose fiduciary duty and competence it is, together with those who have the vision and capability to manifest the needed infrastructure.

270 On behalf of *all* the men, women and children on Earth, we invite Your Excellency to contact Pope Francis and Prime Minister David Cameron to establish diplomatic protocol.

Yours faithfully,
